

## Italians Withdraw Army From Africa to Aid Turks in the Balkan Struggle

Italian Navy Stationed at Brindisi Prepared to Move Against Greeks and Servians—All Balkans is War Again.

Rome, July 14.—After a meeting of the council of ministers yesterday, it was decided to recall Generals Ragno, Carion and Leoni from Tripoli, quietly to withdraw the great number of the troops now in Libya, and to concentrate the Italian fleet at Brindisi. It also has been determined to support Turkey against the Greeks and Servians, who seek to divide between them the spoils of the Balkan war, excluding both Bulgaria and Montenegro.

It is stated here that the Marquis Di San Giuliano anticipated that Bulgaria would be defeated, and urged the abandonment of the pacification campaign in Tripoli before the meeting of Kaiser Wilhelm and King Victor Emmanuel at Kiel. His advice was overruled. The German emperor feared that such a drastic change of policy would have a bad effect upon the negotiations for peace. The recall of Lieutenant General Fassoni from the command of the first division of the Italian army in Tripoli was announced last night.

### Porte in Harmony With Athens.

Constantinople, July 14.—The exact military activity prevails here and troops, artillery and provision conveyances are being brought across the Bosphorus from Asia Minor. Destruction of villages by the retreating Bulgarians has created a bitter feeling, and the Porte is in communication with Bulgaria, Athens and Bucharest, and is said to have received assurances that neither Greece, Servia nor Roumania will conclude an armistice without consulting Turkey.

### Turks on the March.

Constantinople, July 14.—The Turkish troops at Chiala and Bulair have received orders to march for the re-occupation of the Ottoman territory now held by the Bulgarians. Preparations are being hastily made for an advance toward the Egean lake.

The Bulgarian delegate, M. Natchevitch, last night expressed regret for the failure of his mission, which he had hoped would result in a Turco-Bulgarian alliance.

The mission of the Servian delegate, M. Pavlovitch, has proved successful. It is said that an agreement between Turkey and Servia will be signed tomorrow.

According to the Turkish accounts, the agreement secures to Turkey the recovery of a large part of Thrace. Negotiations for an understanding between Turkey and Greece have been proceeding at the same time, it is believed with good prospects of a satisfactory conclusion. It is announced in official circles that Romania proposes to annex the Cretan island, formerly by Silesia, Rusek, Shumli and Varna.

### Turks Already Occupy Chioria.

Constantinople, July 14.—The Turkish troops at Chiala and Bulair are advancing by forced marches and have occupied the district without opposition. The Bulgarians have evacuated Rodosto.

### Ferdinand Reported Assassinated.

London, July 14.—A Vienna despatch to the Exchange Telegraph company says: "It is rumored, but not confirmed, that a revolution has broken out in Sofia and that King Ferdinand has been assassinated."

The secretary of the Bulgarian legation said last night that he had received no messages from Sofia indicating a revolutionary outbreak or that King Ferdinand had been assassinated.

### Roumanian Monitor's Blasting.

London, July 14.—Four Roumanian monitors are blockading Rusek, Sivasova, Nikolai and Lom Palanka according to an Austrian despatch to the Post.

A Bulgarian boat, and torpedo boats have sought refuge at Sastopol from the Roumanian fleet.

### Servians Reported Retreating.

Sofia, July 14.—A semi-official statement issued Saturday, announced that the Servians retreated all along the front line, pursued by the Bulgarians. Bulgarian captured the Danube bridge at the Kert Palanka district. Eight Servian officers and 240 men were captured.

### Decision Caused Delay.

Vienna, July 14.—According to the Mitteleuropa, Dunschuan, Roumanian detachments have occupied Rusek, Turtuka, Dobrich and Paltchik, having crossed the Danube from Giurgeni and Galatz. They also landed at Haba, which is the starting point of a good road to Sofia. The seeming intention is to dictate peace from Sofia unless Bulgaria supposedly agrees to the Roumanian demands.

There are persistent reports that the Servians have occupied the Bulgarian town of Kasthal.

It is also reported that a force of Roumanians has arrived at Corabia and is preparing to cross the Danube into Bulgaria northward of Pleina.

### SEPARATE SCHOOL NOT AN ISSUE IN MANITOBA

Minister of Education O'Connell says there will be no Catholic schools.

Brandon, July 13.—In reply to questions asked him at the annual celebration of the Orange order, Minister of Education O'Connell said that the issue of separate schools was not a question of separate schools in the province was not an issue.

"There is not a shadow of a chance of separate schools being introduced into Manitoba," said the minister.

The discussion came up when James Wilmoughby, Manitoba grand master, and ex-soldier of Winnipeg, asked what the government proposed to do in regard to the separate schools and whether the amendments to the schools act passed at the last session of the legislature were not a step in the direction.

## A Bad Heart Its Cause and Cure

Many, Firmly Convinced They Are Suffering from Heart Trouble, Have Often the Strongest Heart.

Sometimes you wake up at night, heart throbbing like a steam engine. All these sensations are the outcome of indigestion, which has caused gas to form on the stomach and press against the heart.

Just read what happened to Isaac Malloux, of Belle River, Ont.: "Three months ago I was weak, sickly man. My appetite was poor, food fermented in my stomach, I had poor digestions and indigestion. I might I would often awaken with gas in the stomach and heart palpitation."

"One day I received a sample of Dr. Hamilton's Pills, and my cure commenced. Today I have a vigorous appetite, strong heart action, and no sign of indigestion. I feel younger and healthier than ever before."

Your druggist or storekeeper sells Dr. Hamilton's Pills, 25c, per box, or five boxes for \$1.00, by mail from The Cataractine Co., Buffalo, N. Y., and Kingston, Canada.

RAINFALL COPIOUS THROUGHOUT WEST

Two inches at Broadview and One-half at Bassford—Edmonton District West.

Windsor, Man., July 14.—After several days' rain or near rain, Manitoba yesterday welcomed a full day's sunshine and today conditions are set for a fine day. The weather is still in a belated change to pick up at a blight in which continuous wet weather has panned it.

Throughout Saskatchewan and Alberta copious rains have fallen during the past 24 hours, as much as two inches being recorded at Broadview and about 1 1/2 inches at Bassford, Edmonton and district also came in for a fine precipitation.

FRANCE CELEBRATES CAPTURE OF BASTILLE

Native Regiments, Drigible and Aeroplanes Combine to Celebrate Bastille in Paris.

Paris, July 14.—The presence of detachments of native regiments from the French colonies in Africa, Tonga, Annam and Madagascar lent unusual interest to the annual anniversary of the taking of the Bastille in 1789.

President Raymond Poincaré was greeted on his arrival on the immense race track by one of the largest crowds which has ever attended the military spectacles.

After the presentation by the president of the colors of the 40 regiments on parade and the inspection of their escorts, all the troops marched past.

The native detachments were given the place of honor at the head of the column, and received a tremendous ovation. Another feature of the review which made a great hit with the on-lookers was a detachment of military ambulances doing marching in perfect order.

During the review five army aeroplanes darted here and there over the heads of the troops, while military dirigibles, dreted and maneuvered around the race track.

FINE INCREASE SHOWN.

Medicine Hat, Alta., July 12.—Municipal statistics for the month of June show that there has been a steady and substantial increase over the same period last year, being an excess of the healthy growth of this city. For the month of June this year building permits amounted to \$245,515, as against \$212,145 for June, 1912.

The building department reports that this year total \$1,385,580, while for the first six months of last year they were \$1,000,614, being a straight 30 per cent. increase over the first half of last year.

Building Inspector Daly states that he anticipates that July will show a large increase from the new buildings that are in sight.

Wives and families is a general rule, and in many cases the wife is the one who is the most satisfied. It is impossible to expect any good to come from the cowardly action of the man who is the head of the family.

The cowardly action of family desertion has not yet set out for any man a large degree of satisfaction. A helpless child thrown on a community in many cases is the only result of the man who is the head of the family.

## HUDSON'S BAY COMPANY

INCORPORATED 1870 HERBERT E. BURIDGE, General Manager

Do Your Shopping Tuesday—This Store Will Remain Closed Wednesday All Day

—Wednesday, July 16th, we go to Lake Wabamun for our annual Employees' Outing. It is the custom of the Hudson's Bay Stores to give their employees a day at some pleasure resort every year—to make them happy and help them to have a big day of enjoyment. Last year we all went to the Lake and had a mighty pleasant time. We are going there again this year, but we have found a better beach across the lake and we should have even a more enjoyable time than at the last picnic. Sports and other special stunts have been arranged for the day—and we'll have something to eat, too. So, we ask the public to do two days' shopping in one and shop early in the morning—it will help us all to have a good time, and you will receive the same courteous, efficient service as is usual here.

YOU CAN EASILY MAKE "HANKY PANKY"

Iced Tea. First make the tea in the usual way and set it aside to cool. Then some chilled ice, a slice of lemon, a little sugar, and you have summer's best beverage.

Allow the tea to steep for five minutes and then pour off into another vessel to cool gradually. Never use artificial means of cooling until ready to serve; then add sugar, ice and lemon.

"OLD HOMESTEAD" TRUE TO NATURE

Frank Ireson Tells Why the Famous Rural Comedy Drama Has Lasted So Long.

"Rural comedy drama is fast becoming the same religion to the theatre that horses and hansom cabs are to the world of traffic," says Frank Ireson, the genial character actor who will be seen in the principal part in "The Old Homestead" at the Lyceum theatre this week.

"In other words," continued Mr. Ireson, "the 'rural' type of drama is becoming obsolete. It is perhaps the most wholesome form of entertainment to be found in the theatre today, and the public wants something besides stilted dramatic situations and far-fetched comic novelties."

There is a certain dramatic effectiveness has been sacrificed for realism that "The Old Homestead" has enjoyed enduring popularity. As a rule the hero of a rural play is a young man, handsome, much personated character, but always possessing sufficient manhood to thwart the villain in the last reel.

On the other hand "The Old Homestead" is a play in which a hero is a grandfellow, always lovable and who wins his way into the hearts of his audience through a quiet philosophy tinged with whole-souled and natural humor.

With this character in a play it is no wonder that Demma Thompson's famous brain child has lived over 30 years. It may have technical errors in construction, but after all an audience likes to see the real things of life pictured on the stage, and trivial mistakes in dramatic building may be overlooked.

# PEACE RIVER IS OBTAINING MANY STATES FARMERS

Forty of Them From Chicago District Reach Here on Way of North

INFLUX OF AMERICANS EXPECTED TO BE BIG

New Settlers Are Those Who See No Sense in Remaining Where their Land Will Never Increase in Value.

One of the biggest parties ever formed for the Peace River, arrived in the city today when forty farmers from the Chicago district, in charge of C. H. Broughton, dominion immigration agent, took up their quarters at the immigration hall.

Mr. Broughton has his headquarters in Chicago, and, soon at the Alberta country was becoming very well and favorably known among farmers of the Chicago district, as a "sage" who was well versed in the details of investing their capital, where it would yield not only the normal returns from successful farming, but would also increase with great rapidity as the land became enhanced in value.

According to Mr. Broughton, the Peace River country is likely to obtain a big influx of settlers in the immediate future. The action of such a large party of substantial settlers desiring to settle in the Peace River country, is regarded as very significant of the coming development.

Value Will Not Increase. Discussing the general situation, Mr. Broughton said that there was a growing feeling among eastern farmers that there was little sense in remaining in the country, where, although profits were good and sure, there was not the slightest chance of their land ever materially increasing in value, when they could invest in a district where profits were equally good and equally sure, while their land was increasing in value at a phenomenal rate, every year that they held it.

The Peace River country is now practically the only district in the world where good land can be obtained for nothing. The numerous advantages which the Peace River offers to settlers, only require to be made known to the generally taking advantage of it, and Mr. Broughton is only doing his part in furthering the work of publicity in Chicago and its environs.

Judge Lees, of the district court, accompanied by Owen, prosecutor, and Arthur Collins, stenographer, left this morning for Athabasca Landing, en route for the Peace River. Judge Lees will be away for about 10 weeks, and will hold courts in Grosventre, Dunsmuir and all the centres in the Lesser Slave Lake district.

Going to Hold Court. The courts presided over by Judge Lees will be the first district court sittings held since last summer. The accused in the different cases, however, who happened to be suspected of crime immediately after the last court was held, have not been appearing in jail for a year, however. In the north country, more especially in the winter time, it is by no means an easy task to jump bail, without the authorities being aware that the accused has made a bid for liberty, and the work of recapture is easy.

Consequently, the accused in all the cases which Judge Lees will try, have been at liberty ever since they were arrested, some of them having waited more than ten months.

During Judge Lees' absence, Judge Taylor will fulfill his duties at Westlock. Judge Taylor left for Westlock today.

SMALL-SIZED RIOT IS RESULT ORANGE PARADE

Man Who Is Said to Be Intoxicated Fought a Duel at a Big Fight

Vanouver, July 13.—A small sized riot took place during the Orange parade on Hastings street Saturday evening, when a few Irishmen, John O'Brien, made a leap at the banner of the Irishmen's Lodge, and clutching one of the crosses suspending from it, pulled it down.

John Mercer, holding the standard, fought back, and over a score of his comrades jumped to his assistance. The crowd rushed in and in a few minutes a riot was in progress.

Police Constables Barker, stationed at Main and Hastings streets, ran up and seized the Irishman and managed to hold him until he was summoned to the police station.

O'Brien, who is a drunken and well-known character, is now incarcerated in the city jail.

Temporary Main Completed.—The temporary six-inch water main across the low level bridge has been completed. At 12 o'clock tonight the water will be shut off and the connections made with the water mains on the north and south sides of the bridge. This work is being done at night to avoid the inconvenience which of necessity would be experienced if the water supply was shut off during the day. It is expected that tomorrow morning Edmonton south will receive for the first time filtered water from the north side pumping plant.

A. H. B. C. The bridge across the river was decided on after the firm found it impossible to stop the leaks in the water main at the bottom of the Saskatchewan river.

# RETREATING BULGARS CRUCIFY, BURN AND OUTRAGE GREEKS WHO FALL INTO THEIR HANDS

Saloniki, July 14.—The sacking and burning of the town of Serres by the defeated Bulgarians and the accompanying outrages on women and atrocities on men were fully confirmed today in a despatch from well-known Greek correspondents. The retreating Bulgarian soldiers, he telegraphed, opened a cannonade with four field guns from a hill above the town on Friday. At the same time bands of Bulgarians, led by their officers, scoured the streets, first pillaging the stores and houses, and then directing them with petroleum and setting them afire until the greater part of the town was blazing. The soldiers were accompanied by the notorious revolutionary colonel, Yankhoff, who, with other former officers of the Bulgarian army, was very active in Macedonia in 1903.

Even the foreign consuls in Serres were not spared, according to the correspondent. The Austria-Hungary consular offices were plundered and burned, Vice-Consul George Zlatko being carried off by the marauders, but subsequently ransomed.

Italian consuls also were sacked but the consul bought off the incendiaries.

The bank of Athens, the Oriental bank, the Palace of the Metropolitan, the great synagogues, all the schools and tobacco warehouses of the American, Austrian and German companies and the hospitals were burned after they had been pillaged.

The American Tobacco company alone suffered to the extent of \$1,000,000. Many people were crucified, hanged to pikes or burned alive by the maddened Bulgarians, who committed incredible outrages on women of all ages, many of whom died from the effects.

The condition of those who escaped is lamentable. Rich merchants are dying of hunger while wretched mothers are trying to find covering and food for their naked and starving children. All the pharmacies were burned down and there is total lack of medical attendance for the sick and bandages for the injured. The Greek authorities in Saloniki are rushing foodstuffs, clothing and medicines to the stricken town.

# UNITED FARMERS OF ALBERTA GIVE A GREAT PICNIC

Largest and Most Satisfactory Ever Held in the District About Lacombe.

LADIES' ORGANIZATIONS TAKE PROMINENT PART

Full Program of Sports Was Carried Out, Including Several Amusing Features as a Nail-driving Contest.

Lacombe, July 14.—The big picnic of the United Farmers of Alberta held at Gull Lake last Friday was an unqualified success. Large crowds from the town and all parts of the Lacombe district assembled at the lake and spent a very enjoyable day.

Mr. Woodhouse, provincial secretary for the U.F.A. was present and delivered an address.

Mrs. Mulrow of Red Deer, addressed the ladies on behalf of all the organizations.

A full program of sports was carried out including several amusing features, such as a nail-driving contest by ladies, a needle-threading contest, walking a greased pole and a tub race on the lake.

A baseball match was played by the Jackfish Lake and the Lakeside teams. It was probably the largest and most satisfactory picnic ever held in the district.

The crops are unusually heavy and are further advanced than usual at this time of year. The only crop that does not promise a bumper yield is timothy, which is rather light.

There have been frequent showers, enough to keep the crops growing, but not enough to affect the roads.

While the grain crop is so heavy there also is a greater advance in animal products. Cream, butter, eggs, and chickens are being produced in larger quantities than ever before, and owing to the high price of cattle the farmers are in splendid circumstances.

There is a large amount of building in the district at present. During the past week three new business blocks have been started, C. D. Dunlop, stores and a bank building by the Royal Bank. Other business blocks and residences are nearing completion.

The number of people summering at Gull Lake increases each year. It has been estimated that already there are nearly 2,000 people there, and a considerable number from town, from Calgary and Edmonton, increases the number daily.

Colonization Agent Declares Canadians Who Visit From Under Flag

SAYS ORANGE GROWING IS GOOD IN AUSTRALIA

With the object of studying Canada's system of farm irrigation, J. W. A. Kelly, colonization agent for the government of Victoria, Australia, is touring the dominion, and is in Edmonton today.

At the Royal George last night, Mr. Kelly stated that he was not making any attempt to induce Canadian farmers to go to Australia, but at the same time, he was willing to supply information regarding the conditions to any persons interested.

"Canadians who wish to change from wheat raising to orange growing—such a number seem to wish to do so," said Mr. Kelly, "do not need to leave the Empire for California, as they have the habit of doing, but can remain under the flag in the ideal climate of Australia."

Mr. Kelly added that the government of Victoria has recently located a permanent commissioner of trade and immigration at San Francisco, and that the office of London is in the city on business.

Rev. W. F. Gold, associate secretary of the Alberta Temperance and Moral Reform League, arrived in the city from his lecture tour from Victoria, where he delivered a lecture yesterday afternoon.

# BRICKLAYERS OF CALGARY STRIKE

Falling Ratification of New Schedule 80 Work Out This Morning

Calgary, July 14.—After vainly negotiating with the builders' Exchange for a ratification of a new schedule of 70 cents an hour, the bricklayers of the city went on strike this morning for the increased wage.

George Evans, the business agent of the Bricklayers' union, spent the early part of the day visiting the various contractors with a view to having the men taken back on a new schedule. Mr. Evans could not state how many men were involved in the strike, but it is understood that there are 75 or 80 bricklayers actively employed on jobs at the present time, out of the 400 members of the union in the city. Mr. Evans stated that 23 of the contractors had taken back the men at the new scale. The old scale which has been in force for the past two years is 67 1/2 cents.

"Are you negotiating with all the contractors?" Mr. Evans was asked later this morning.

"We are not doing any negotiating now," replied Mr. Evans. "They will have to come to us now. It is a case of 70 cents or nothing. All the contractors we have approached have agreed to take the men back at this increased schedule. Farther than this, I can say nothing."

# CROWDS ATTEND KENNEDY SHOWS

Nineteen Individual Attractions in Addition to Five Open Air Features

Arriving in Edmonton shortly after Friday midnight, the Con. T. Kennedy shows opened their carnival week at the Second street grounds, near the C.N.R. depot Saturday afternoon to good attendance, the employers being thronged with a crowd of merry-makers until late at night. The shows were entered into the city by the famous 28-piece band and a parade through the principal streets attracted much attention during the morning.

The Kennedy shows carry 19 individual attractions including five free open air features. Nick Cheffalo the noted circus clown, always opens the performance with his leap-the-gap and loop-the-loop, two thrillers that are seldom duplicated on a motor-cycle. Cheffalo performs twice every day in full view of the crowd assembled on the grounds.

Among the other attractions are the Cabaret, the latest New York orator La Zaria shows with 35 clever musical comedy fun-makers. Professor Quail's trained circus, an aggregation of insect tricksters, the Maid of the Mist, featuring the Parisian Dancing Dolls, and Miss Keith Dene, Thurston's latest illusion, the Beauty and the Beast with the living in air the nameless Sisters and Harry Chilton, the magician.

In spite of the numerous counter attractions on Saturday night, the show grounds were crowded from the first hour of the carnival opened until late at night. The Kennedy show people seem to have the ability to make those who enter the grounds forget everything except that they are there for a good time and the carnival goes with a swing from the moment it opens until the hour of closing arrives.

Off for Convention.—Mayor Smart and Alderman May have tonight for Saskatoon to attend the convention of Canadian municipalities. They will be in the city on Tuesday, Wednesday and Thursday of this week. Representatives from all the municipalities in the province will be present at this convention. Many interesting papers are to be read and the meeting will be followed with discussions in which all may participate. In the absence of the mayor, Alderman May has been appointed as acting mayor.

# CRICKET RESULTS

London, July 14.—The annual two-day cricket match between Eton and Harrow at Lords played Friday and Saturday resulted in a win for the former by nine wickets.

Although Gilbert L. Jessop, captain of the Gloucestershire team played two brilliant innings for the gentlemen in their match with the players at Kensington Oval the match was drawn.

Three of the four county cricket matches which started Thursday were drawn to a conclusion Saturday while the Derbyshire-Sussex match at Derby resulted in a draw.

Northampton scored another victory over Somersetshire at Northampton, winning by nine wickets.

Lancashire pulled off another wicket victory over Yorkshire at Liverpool mainly owing to the splendid work of Dean A. Oak. This demon who last season took over 100 wickets at an average cost of 13 runs each, captured all but one of the Yorkshire wickets in the first innings for 98 runs, and in the second innings took eight wickets for 100 runs. Dean thus took 17 of the 20 Yorkshire wickets at a cost of a fraction over five runs apiece. The stellar performance of Chester, Worcestershire in his county's match with Hampshire at Southampton could not save them from defeat, Hampshire scoring a win by two wickets. Chester compiled 144 runs not out and took six wickets for 48 runs.

# TWO HUNDRED DELEGATES TO CIVIC CONVENTION

Town Planning and Municipal Ownership Will Be Among the Subjects Up For Discussion.

Saskatoon, July 14.—Tomorrow evening, it is expected, there will be some 200 civic representatives in the city from all over the dominion, to the Municipalities convention.

The convention will last three days, and all the meetings will be held in the Strand theatre, Twentieth street. The city will entertain the delegates to an auto ride around the city, and a luncheon will be given in the basement of the new Methodist church, Third avenue and Twenty-fourth street.

The business sessions will be held morning, afternoon and evening, and will consist of discussions on the subjects of civic interest.

Commissioner Yorath will give an address on town planning and municipal ownership will be gone into.

Ottawa, July 14.—Discussing the criticism by Percy Hennesworth, M.P., in connection with the selection of the Leander crew, which recently defeated the Toronto Argonauts for the grand challenge cup, Harvey Purford, captain of the Ottawa rowing club, made the suggestion that an all-Canadian eight be selected to go over and row for the trophy. He thinks that a first-class crew could be selected from the Ottawa, Argonaut, Winnipeg and Vancouver clubs.

"That is the only way Canada will ever win the grand challenge cup," advised the Ottawa captain.

# SMOOT INTRODUCES NEW WOOL TARIFF SCHEDULE

Republican Member of Finance Committee Brings in Lowest Substitute for Underwood Bill

Washington, July 14.—Senator Smoot, republican, member of the finance committee, introduced today a substitute for the wool schedule of the Underwood-Simmons bill, proposing rates based directly upon the report of the tariff board and adopting in each grade the lowest rate. The schedule is lower than that introduced last year by Senator Penrose as a substitute for the Underwood bill, and is the lowest of all wool schedules introduced by a republican senator.

Castor, Alta., July 14.—Davis Elliott, a farmer residing near this place, slipped in the Battle river and was drowned last week. Together with his mother and a young lady he was picking berries along the river bank, when he lost his footing and fell into the water at a deep hole. His companions were unable to render him any aid, but rushed to Foley Brothers' camp nearby, and the body was recovered by the men.

Artificial respiration was resorted to but without success.

## SCORED AND BALL GAME WAS CALLED AT 7TH

Edmonton and Regina Have  
Resultful Clash—Ground  
Was a Puddle of Mud

Regina, July 14.—Though they didn't win Saturday evening, the Red Sox at least had the satisfaction of ending Provincial Cup's hot streak on their way without having done the slightest bit of damage here. With the score standing 3 to 2 at the end of the seventh inning, Unipre Dyer called off hostilities, and the ending was somewhat consistent with the progress of play, which was most even throughout. With Heinrich off, the condition of the grounds, which were water soaked and soft as a sponge, both teams played remarkably good ball, though at times there were nasty but excusable errors. Buttorff and Laffy Heinrich were the only batters, but they were at times inclined to be wild, with the result that generous donations of free passes figured largely in the scoring. There were times, too, when both twirlers showed brilliant flashes, and the batters could do absolutely nothing with their delivery. The visitors did all their scoring in the first half of the second inning when Buttorff's wildness was chiefly responsible for them getting three runs. In this inning Heinrich over-issued two passes, and was in addition to this punished for two singles. Error by Kruger at short and both in right field also figured in the scoring. After this the Red Sox put up a great uphill fight, and by the end of the fifth inning had succeeded in tying up the score. With Heinrich off, they got one in the third, and a timely snarl of Kruger in the fifth inning was responsible for them getting two more in the fifth.

## OLYMPICS ENTER PROTEST ON GAME

Glenn Hurd Was Not Properly Signed by  
Wholesalers Who Were Blamed by  
Exhibition of the Wholesalers  
Score of Seven to Six

A protest has been entered by the Olympics against the Wholesalers on the grounds that Hurd, the short stop for the visitors, was regularly signed. The Olympics say that they have evidence that Hurd is a member of the Civic ball club and has not been released by that organization. His playing with the Wholesalers Saturday was therefore illegal and is considered sufficient grounds for a protest.

## Wholesalers Win From Olympics Who Protest

Both Teams Get Rally In Eighth Inning and Score See-saws  
From Side to Side—Both Teams Play Good Games  
Final Score Was Seven to Six

If the City League teams continue to stage such exhibitions of baseball as they did Saturday afternoon they will have the fans coming by the thousands to see them, for without doubt both the first and second contests of the double header were as good as anything that Frank Gray's darlings have put on the diamond this year. The game between the Olympics and the Wholesalers was won by the latter team, although they did not deserve it, and as a matter of fact the Olympics have entered a protest on the grounds that their opponents played a man who was not a member of the club.

After Roberts had played the game away from the Olympics, the latter were slow coming to a rally, but in the eighth they lay on the bat for five runs, machine themselves into the lead. In their half of the eighth the Wholesalers got a man on savabv by the double header, and the Olympics were booting a hot grounder. Slaght started for third and the throw caught him square in the chest and he was not the put out and called him safe. Had he seen the play it would have been between the two sides. The Olympics would have retired unless. The result, however, was that the Wholesalers were in the lead. How Drayton came to miss the put out is incomprehensible. As to the put out there was no question. Marshall on third had his man tagged as he was sliding, and he fully a third of a second before he touched the bag.

Both teams played good ball. The Wholesalers played a little better in the field than the Olympics and the Olympics were better with the bat.

**The Pitcher.**  
Foster, who was in uniform for the Olympics. Apparently he was not in good condition in front of his eyes. His time was poor, although he walked few men. He held his strength in reserve for crucial moments and pitched a heavy game throughout.  
Orbison, who started for the Wholesalers, lasted eight innings when he got into a bad hole and Anderson replaced him. Anderson did not prove very much better than Orbison, and he was worst. Orbison twirled a nice game for seven innings, but in the latter part of his delivery on the mound weakened perceptibly.

Two new men appeared on the infield of the Olympics. Marsden was the third and Lawrie at short. They played good games. Marshall handled himself like a real ball player, covering his position as good as most of the thirders in the W. C. L. He is good on his feet, handles runners nicely and knows the position.

Hurd, the shortstop for the Wholesalers because of whom the Olympics have protested the game, played well. He has a good arm and covers lots of ground.

**Heimer Chased.**  
In the third inning Heimer displaced Unipre Dyer's decision too lightly, and was chased from the mound. He deserved to be chased and got no more when he was coming in. McQuerry, who took the first base position when Heimer had gone, handled the bag much better than did Heimer.

Outside of Drayton's bad decision on third in the eighth, injuries he handled the game well, keeping the players moving and allowing no arguments such as frequently occur in amateur games where it is impossible for the umpire to play the game.

In the fifth inning Slaght got first with a single, started for second, and Roberts heaved wild, and the ball hit Slaght. He then stepped into an easy run, pounding it for two bags and

## "BILL" RUSSELL

Calgary Captured Afternoon  
Contest by 1 to 0—Moose  
Jaw Wins Second 7-0

Moore Jaw, July 14.—Calgary and Moose Jaw split even in their double bill on Saturday night, the games being the best seen here this season. In the afternoon game Northrup opposed Frink and the Calgary players shut out the locals 1-0. The Bronks got their only run in the first inning, an error of Unipre McDonald, who was left on base. It was a great pitcher's battle and an exciting game. Frink only allowed the locals three scattered hits and gave up 13 equally stingy, only allowing six, all of which were scattered. Only one hit was made during the game that went for more than a single and that came in the seventh, when Babe Hollis landed on one of Northrup's deliveries for a triple which availed Calgary nothing, as two were already out and the third man popped one up to short. In the evening game the locals turned the tables on the visitors, putting them out 7-0. Connonan was just as invincible as was Frink in the afternoon and allowed only three hits, while Dickinson was no puzzle to the local batsmen. Stadel's fielding in left and one-handed spearing of a liner by Weed featured the holding.

## CITY LEAGUES PLAY CLASSY BALL CONTEST

Red Sox Defeat Morris Newman  
by Score of Seven  
to Nothing in Good  
Game

The Olympics scored in the fourth on a single and a double.

In the eighth three singles in a row by Roberts, Lawrie and Tidale finished the bases. A slow grounder and Mulhead took first, Kirkness, who had drawn a walk, going to second, then Dwyer, who went first, to Foster, who caught Kirkness at third. Orbison failed to Roberts, who went first, to centre, which was not good for more than one base, but which Kneit allowed the double header, and the Olympics walked. Mulhead scored on the hit and Hurd and Dwyer crossed on Kneit's error.

**PITCHERS WERE OUT  
FOR STRIKEOUT MARK**  
Both Teams Played Well in  
Field and at Bat—Pitchers  
Do Starting Work.

By a score of 7 to 0 the Red Sox defeated Morris Newman ball team in a game at the Diamond Park on Saturday afternoon. The contest, which was witnessed by a large crowd of fans, proved an exceedingly interesting one, well played by both teams.

One of the features was that both pitchers started out for strike out records. In the first four innings Dwyer struck out eight men and in the whole game eleven. In the same number of innings Johns fanned six. Newman's offerings the Morris Newman team secured five hits, scattered through the game. In the fifth the Red Sox scored, but they were divided, and the Sox belted well, preventing a score.

**Few Errors**  
Errors were exceptionally scarce. The Red Sox getting two and the Morris team one.

Parents' work at bat was one of the features. He secured four hits, one of them for two bags. The game was much above the average game put up by the City League teams and kept a fairly good crowd of fans interested from start to finish.

## JOHNSON IN LONDON

London, July 14.—Jack Johnson, the negro pugilist, arrived here from Paris on Saturday for a few days. He was met at a music hall engagement here during the summer.

## ANOTHER FIGHT

New York, July 14.—"Unbeat" Smith of California, and "Jim" Phil of Pueblo, have been matched to fight at the Madison Square Garden, in this city, August 1st.

## TWO RECORDS SMASHED AT ORANGEMEN'S CELEBRATION

Alex Decoteau Reduced Provincial Time for the Mile by Fraction of a Second—Sheppard Clips One Second off Quarter Mile Distance—Sports Were all Very Keenly Contested.

## BRONCHOS AND MILLERS EVEN IN TWO GAMES

Calgary Captured Afternoon  
Contest by 1 to 0—Moose  
Jaw Wins Second 7-0

The officials who took charge of the athletic events were J. Buchanan, starter; A. Shute, judge; Robert Smith, announcer; Thomas McCallum, manager; J. H. R. Cohen, clerk of course; S. R. Ash and A. Seward, timers.

## Record Broken

Alexander Decoteau broke the provincial record for a one mile race. The track was in first class shape, and as a result one-fifth of a second was shaved off the previous record, the time recorded for this mile being 1:50.4.

Another provincial record was broken in the quarter mile race, when R. S. Sheppard covered the distance in 1:35.3 seconds, thus reducing the record by one second. The second prize in the contest was won by S. J. Pierce. The first prize is a silver cup, donated by the Edmonton Journal for this annual competition. The second prize is a case of cutlery donated by J. J. McNeil.

In the two mile open race there were twelve to start and only three to finish. The winners of this event are G. W. Whitman, W. W. Armstrong and G. W. Stewart. The first prize is a silver cup, donated by Major William A. Groschak for an annual competition. The second prize is a carving set, given by C. G. Ward. The third prize is a silver set and silver clock, donated by C. H. Gieseler.

The very best of things was displayed throughout the various contests with the exception of the tug of war between the Jasper Lodge, No. 1827, and the Calgary Lodge, No. 1827. The latter team was apparently no match for the Jasper Lodge, who pulled them clean off their feet. The Calgary team protested and accused the Jasper Lodge of unfair play, as of having splices in their shoes, which was positively denied by the winning team. Finally, to satisfy the visiting team, the match was put on a second time, with the same result as in the first contest. The Calgary

**WAINWRIGHT WINS  
FROM EDMONTON**  
Picked Team Consisting Mostly  
of Pennant Players Beaten  
by Score of 5 to 3.

The Edmonton amateur ball team, consisting mostly of men from the Pennant League, was defeated by Wainwright on Saturday, was defeated by a score of five to three after a bare battle. The Edmonton aggregation was a good slick coming against the umpire, who they declare gave away several things to the home team. The crowd out to the game and the Edmonton boys were well treated.

The Edmonton team lined up as follows: English, c. (Pennants); Kilpatrick, p. (Pennants); Campbell, 1b. (Blue Labels); Allen, 2b. (Blue Labels); Gunningham, s. (Pennants); Cavan, 3b. (Blue Labels); Somerville, 4b. (Pennants); Metcalfe, c. (West Edmonton); McConachie, 1b. (West Edmonton).

From the start of the second inning until the seventh Kilpatrick pitched a good game. In the seventh he wound and was pulled off, Metcalfe coming on. When Metcalfe took the mound the bases were full and one was out. The score was scored before the game returned.

The score by innings is as follows:  
Wainwright..... 300 100 0—5  
Edmonton..... 001 011 0—3

## PITTSBURGH BEHIND

Pittsburg, July 14.—The touring Australian team of cricketers continued their tour of the United States on Saturday, playing the first of two games at Pittsburg, getting 292 runs in the second innings, for a total of 410.

The 22nd in the series were the visiting team, the match was put on a second time, with the same result as in the first contest. The Calgary

**PHILADELPHIA WIN**  
Philadelphia, July 14.—The two-day match between the Philadelphia Cricket Club and the Montreal Club on Saturday was won by Philadelphia, who won in innings and 84 runs. Philadelphia scored 808 in their first innings. Montreal scored 727 in their first and only 107 in their second.

team did not hold their own for more than a second with the Edmontonians. Even after the second contest they still contended that they had not been given a fair case. The contest was held for a silver cup, won last year by Calgary. In addition to this the winning team gets 100 \$1.00 silver cups.

Another tug war was put on between the Jasper Lodge, No. 1825, and the Jasper Lodge, Edmonton. This was a much closer contest and lasted over ten seconds. Finally the Jasper Lodge succeeded in pulling the Deer Lodge off their pins.

In addition to the above, full list of athletic events was pulled off. The winners in the various contests and the list of prizes follow:

## CLYDE FERRITER

**WITH THE PONIES**  
Winnipeg, July 14.—Misericordia was the track rapidly approaching the consistency of a quagmire, saw the best days program of the exhibition and the season opened. So had it not been for the end that it was not considered safe for the boys' race, which was therefore postponed till Monday. The feature race of the day was the 2:07 pace or 2:02 trot, which was won by Bob Roy from Hal McKinnay by 3 heats to 1. The driving in this race was contested by the judges, who declared all bets off in the second heat, in which Bob Roy was only driven to second place. The times of the races in this race compared most unfavorably with those of the less arduous events in the 2:24 pace or 2:19 trot. The running races proved, as usual, the most interesting of the program and drew the largest crowds at six to one each, beat out the favorites in both events.

## Split 40 Cords At Age Of 85

Thankful to the Medicine That Gave Him Ability For the Task.

A VERY INTERESTING CASE.

Few men of eighty-five years of age can boast of such old and poor health and falling strength. And such was the condition of Mr. Ben, Alrsh, who is known to every soul in the neighborhood of his home at Line Lake, out for me.

"Quite unaided," writes Mr. Marsh, "I wish to say how I have been helped for years with stomach trouble. I tried everything I could think of without benefit. I was terrified by afflictions with swelling and gas, and had much distress between meals. I tried everything I could think of, but without benefit. Then I was recommended Nerville. My, but Nerville did me a power of good—made a new man out of me. Within the last three weeks I have been able to split about forty cords of stove wood. I will always stick to Nerville and will always recommend it, and would like to meet anyone and convince them if in doubt as to what Nerville has done for me."

For sore stomach, nausea, belching of gas, cramps and sudden sickness at night, nothing is more helpful in the home, nothing saves so much pain and distress as Nerville. Large family size bottle, 50c; small size, 25c, at all stores and druggists or The Carleton Place, Buffalo, N.Y.

## CORNWALL WINS

Corwall, July 14.—The local lacrosse team had no difficulty in disposing of Sherbrooke in a scheduled match. The match was played at the local arena, and the final score was Corwall 14, Sherbrooke 5. The winning team was led by the local players, who were quite unable to cope with the vigorous aggressive tactics of the local opponents.

## RUSSELL DEFEATS LORE.

New Orleans, July 14.—Frankie Russell, of New Orleans, knocked Johnny Lore, of New York, through the ropes in the 14th round of their 20-round fight at McManusville yesterday. In the end, Lore was counted out because he could not get back into the ring. Russell official was credited with a knockout. Lore and Russell are lightweights.

## NO WONDER.

Dr. Lyman Abbott, at a luncheon at the Colony Club in New York, was passing the suffrage question with a prominent suffragist.

"Now, doctor," said the suffragist, "there's one thing you must admit. A woman doesn't grow warped and wild because she's a man. Her mind keeps growing fresher."

"Well no wonder," Dr. Abbott replied. "Look how often sin changes its name."
